Is this a new address or phone no.

The HAO Board members use email addresses from the membership list to send the electronic newsletter and inform members of HAO events and changes that occur after the newsletter is mailed.

I would prefer not to be contacted at all regarding HAO events.

The HAO email list (aka list-serve) is used by HAO members to post messages. It is used for many purposes, such as event reminders, discussions, and petitions.

I would prefer not to be on the HAO email list.
